

CLINICIAN INVESTIGATOR

| | Responsibility | Checklist |
|----|--|--------------------------|
| 1 | Use of your Organisational Clinical Governance framework policies, procedures, and the relevant processes and systems | <input type="checkbox"/> |
| 2 | Understand the complexity of service user interactions with the clinical trial service, the complexity of the context in which they reside, and their needs as a clinical trial participant | <input type="checkbox"/> |
| 3 | Undertake regular education and training to maintain credentialling and keep skills and competencies up to date, and expand your scope of practise, as per your organisation's standard schedule | <input type="checkbox"/> |
| 4 | Work within your defined scope of practise and in line with your skills and experiences Work with your clinical lead to assess your scope of practise, performance, and professional competencies at regularly scheduled intervals, as per your organisational standard practise | <input type="checkbox"/> |
| 5 | Conduct clinical trials in line with relevant national requirements and in a way that is responsive to change. Including: the National Statement and the Code, the National Clinical Trials Governance Framework, the Australian Open Disclosure Framework, National regulations, standards, codes of conduct, and legislation | <input type="checkbox"/> |
| 6 | Conduct clinical trials in line with relevant local requirements. Including the trial protocol, Conditions of HREC and Governance approvals, Your organisational charter and clinical governance framework, Local policies and procedures, Contractual and sponsor requirements | <input type="checkbox"/> |
| 7 | Lead by example in: modelling responsible clinical trial conduct, focussing on safety and quality, and acting with integrity. Cultivate a culture of this amongst your clinical trial team members | <input type="checkbox"/> |
| 8 | Develop relationships with key stakeholders (clinicians, colleagues at other sites, consumers, supporting departments, etc) to support clinical trial operations, service improvement, and best clinical outcomes for participants | <input type="checkbox"/> |
| 9 | Develop strategies to engage and communicate with service users (particularly First Peoples, members of culturally diverse peoples, and those whose preferred language is not English) about participating in clinical trials | <input type="checkbox"/> |
| 10 | Hold overall responsibility for the individual trials and research projects you conduct, by supervising the conduct and performance of your research/clinical trial team(s) and working with clinical and non-clinical managers to resolve performance concerns | <input type="checkbox"/> |
| 11 | Delegate clinical governance and/or clinical trial responsibilities to team members (where relevant) | <input type="checkbox"/> |

CLINICIAN INVESTIGATOR

| | | |
|----|---|--------------------------|
| 12 | Involve participants, families, and decision makers in the decision-making process about their participation in a clinical trial and their overall care, to the extent that they choose, ensuring patient welfare and desires are prioritised and they receive concomitant care during and after the trial | <input type="checkbox"/> |
| 13 | Assess the feasibility of new trials in partnership with clinical and non-clinical managers, and make your current trial portfolio and service user population primary considerations here | <input type="checkbox"/> |
| 14 | Perform HREC and SSA submissions of new trials (including budget and contract negotiations), in partnership, and ensure trials have received all relevant approvals before starting | <input type="checkbox"/> |
| 15 | Identify and report risks, issues, or anything that could compromise your ability to deliver care in a safe environment. Report using both clinical trial and research-specific systems and organisation processes and systems. Work with clinical leaders to resolve issues and implement preventative and corrective actions if incidents occur | <input type="checkbox"/> |
| 16 | Use the relevant processes and systems to receive and respond to consumer and service user feedback and complaint. Work with clinical leads to resolve issues and implement preventative and corrective actions if feedback and/or complaints are received. | <input type="checkbox"/> |
| 17 | Contribute to the development, management, and review of clinical trials service governance (including the National Clinical Trials Governance Framework), where opportunities present themselves | <input type="checkbox"/> |
| 18 | Provide feedback on the functioning of the clinical trials service by using your organisational standard processes and channels | <input type="checkbox"/> |
| 19 | Look for opportunities to improve the areas of the clinical trials service that you are responsible for, and the care given to participants | <input type="checkbox"/> |

CLINICIAN INVESTIGATOR

| 1 | Responsibility | Checklist |
|---|---|--------------------------|
| | Use of your Organisational Clinical Governance framework policies, procedures, and the relevant processes and systems | <input type="checkbox"/> |

You share this responsibility with:

- Clinical Trials Workforce
 - Research Office
- Supporting departments
 - Clinical/Non-Clinical Managers

Reflective Questions

Identify your organisation's clinical governance frameworks, policies, and procedures
 Identify the related processes and systems
 Are these ever discussed in staff meetings?

How do you use these in your everyday work and interactions with service users?
 How is your use of these assessed?
 Who in your organisation can help you with this?

What evidence can you show accreditors to prove you meet this responsibility?

| 2 | Responsibility | Checklist |
|---|--|--------------------------|
| | Understand: <ul style="list-style-type: none"> ○ the complexity of service user interactions with the clinical trial service ○ the complexity of the context in which they reside ○ their needs as a clinical trial participant | <input type="checkbox"/> |

You share this responsibility with:

- Clinical Trials Workforce
- Research Office
- Clinical/Non-Clinical Managers

You are supported in this by:

- Partnering with Consumers Department

Reflective Questions

Process

How do you partner with service users and consumers in ways that respect their cultural and community identity, and their identity as a patient?
 What additional supports do your clinical trial participants need to effectively participate?

How do you find these supports?

Support

How does your organisation support you in finding these supports?
 Who in your organisation can help you with this?

CLINICIAN INVESTIGATOR

What evidence can you show accreditors to prove you meet this responsibility?

| 3 | Responsibility | Checklist |
|---|--|--------------------------|
| | Undertake regular education and training to maintain credentialling and keep skills and competencies up to date, and expand your scope of practise, as per your organisation's standard schedule | <input type="checkbox"/> |

You share this responsibility with:

- Research Office
- Clinical Trial Workforce
- Supporting Departments
- Clinical/Non-Clinical Managers

Reflective Questions

What training do you need to complete?
 Are you clear on when and how you need to complete this training?
 How does your organisation support you in completing this training?

How do you identify opportunities to expand your scope of practise?
 How does your organisation support you in taking advantage of these opportunities?
 Who can help you with these things?

What evidence can you show accreditors to prove you meet this responsibility?

| 4 | Responsibility | Checklist |
|---|---|--------------------------|
| | Work within your defined scope of practise and in line with your skills and experiences Work with your clinical lead to assess your scope of practise, performance, and professional competencies at regularly scheduled intervals, as per your organisational standard practise | <input type="checkbox"/> |

You share this responsibility with:

- Clinical Trial Workforce
- Clinical/Non-Clinical Managers
- Supporting Departments
- Research Office

CLINICIAN INVESTIGATOR

Reflective Questions

How do you know what credentials and professional competencies you need to meet?
How familiar are you with the tasks and responsibilities in your position description?

assess your scope of practise, performance, and professional competencies?
What systems and processes do you use for this?

Assessment

How often do you meet with your clinical lead to

Support

How does your organisation support you in this?
Who in your organisation can help you with this?

What evidence can you show accreditors to prove you meet this responsibility?

| 5 | Responsibility | Checklist |
|---|--|--------------------------|
| | Conduct clinical trials in line with relevant national requirements and in a way that is responsive to change. Including: <ul style="list-style-type: none"> ○ the National Statement and the Code ○ the National Clinical Trials Governance Framework ○ the Australian Open Disclosure Framework ○ National regulations, standards, codes of conduct, and legislation | <input type="checkbox"/> |

You share this responsibility with:

- Clinical Trials workforce
- Supporting departments
- Clinical/Non-Clinical Managers

You are supported in this by:

- Research Office

Reflective Questions

Process

What are the relevant national requirements you must operate in line with?
How do you ensure your continued compliance?
How do you change your practise if you learn about changes in requirements?

What systems and processes do you use for this?

Support

How does your organisation support you in this?
Who in your organisation can help you with this?

What evidence can you show accreditors to prove you meet this responsibility?

CLINICIAN INVESTIGATOR

| 6 | Responsibility | Checklist |
|---|---|--------------------------|
| | Conduct clinical trials in line with relevant local requirements: <ul style="list-style-type: none"> ○ Trial protocol ○ Conditions of HREC and Governance approvals ○ Your organisational charter and clinical governance framework ○ Local policies and procedures ○ Contractual and sponsor requirements | <input type="checkbox"/> |

You share this responsibility with:

- Clinical Trials workforce
- Supporting departments
- Clinical/Non-Clinical Managers

You are supported in this by:

- Research Office

Reflective Questions

Process

What are the relevant local requirements you must operate in line with?

How do you ensure your continued compliance?

How do you change your practise if you learn

about changes in requirements?

What systems and processes do you use for this?

Support

How does your organisation support you in this?

Who in your organisation can help you with this?

What evidence can you show accreditors to prove you meet this responsibility?

| 7 | Responsibility | Checklist |
|---|--|--------------------------|
| | Lead by example in: <ul style="list-style-type: none"> ○ Modelling responsible clinical trial conduct ○ Focussing on safety and quality ○ Acting with integrity. Cultivate a culture of this amongst your clinical trial team members | <input type="checkbox"/> |

You share this responsibility with:

- Clinical Trial Workforce
- Clinical/Non-Clinical Managers

You are supported in this by:

- Research Office

CLINICIAN INVESTIGATOR

Reflective Questions

How do you model responsible clinical trial practise?

How do you model acting with safety, quality, and integrity as a focus?

How do you know if your team members are conducting the trials you are responsible for as delegated, responsibly, and with integrity?

Do you ever discuss examples of responsible clinical trial practise and/or acting with integrity

with your clinical trials team?

Support

How does your organisation support you in learning about and modelling responsible clinical trial practise, safety, quality and integrity?

Who in your organisation can help you with this?

What evidence can you show accreditors to prove you meet this responsibility?

| 8 | Responsibility | Checklist |
|---|---|--------------------------|
| | Develop relationships with key stakeholders <ul style="list-style-type: none"> ○ Clinicians, colleagues at other sites, consumers, supporting departments, etc. to support clinical trial operations, service improvement, and best clinical outcomes for participants | <input type="checkbox"/> |

You share this responsibility with:

- Clinical Trial Workforce
 - Supporting Departments
- Clinical/Non-Clinical Managers
 - Research Office

Reflective Questions

How do you define an “effective relationship”?

Who are the key stakeholders (both internal and external) that you need to work with for the clinical trials service to operate effectively?

Improvement

How do you assess whether these relationships are effective?

How do you use this assessment to inform ongoing process improvement in the areas of the clinical trial service you are responsible for?

Support

How does your organisation support you in this?

Who in your organisation can help you with this?

CLINICIAN INVESTIGATOR

What evidence can you show accreditors to prove you meet this responsibility?

| 9 | Responsibility | Checklist |
|---|--|--------------------------|
| | Develop strategies to engage and communicate with service users <ul style="list-style-type: none"> ○ particularly First Peoples, members of culturally diverse communities, and those whose preferred language is not English) about participating in clinical trials | <input type="checkbox"/> |

You share this responsibility with:

- Clinical/Non-Clinical Managers

You are supported in this by:

- Partnering with Consumers Department

Reflective Questions

Process

How do you identify the communication needs of service users, and the wider community?

How do you develop strategies to engage and communicate with these groups?

Have you had any direct interactions with

consumers or service users as part of this?

Support

How does your organisation support you in this?

Who in your organisation can help you with this?

What evidence can you show accreditors to prove you meet this responsibility?

| 10 | Responsibility | Checklist |
|----|--|--------------------------|
| | Hold overall responsibility for the individual trials you conduct, by supervising the conduct and performance of your clinical trial team(s) Work with clinical and non-clinical managers to resolve performance concerns | <input type="checkbox"/> |

CLINICIAN INVESTIGATOR

Reflective Questions

Responsibility

Do you know what it means to “hold overall responsibility” for a clinical trial?
Have you undergone appropriate training and education for you to feel confident taking overall responsibility for these?
How do you know your team members are appropriately trained, working in line with relevant requirements and the protocol, and as delegated?

Performance

What makes a “performance concern”?
What is your process for working with managers if you identify a performance concern?
How is the information incorporated into your organisation’s systems?

Support

How does your organisation support you in this?
Who in your organisation can help you with this?

What evidence can you show accreditors to prove you meet this responsibility?

| 11 | Responsibility | Checklist |
|----|--|--------------------------|
| | Delegate clinical governance and/or clinical trial responsibilities to team members (where relevant) | <input type="checkbox"/> |

Reflective Questions

How do you delegate tasks?
How do you ensure tasks are delegated to team members who are qualified to perform them?

How is this information incorporated into your organisation’s systems?

What evidence can you show accreditors to prove you meet this responsibility?

CLINICIAN INVESTIGATOR

| 12 | Responsibility | Checklist |
|----|---|--------------------------|
| | <p>Involve participants, families, and decision makers in the decision-making process about their participation in a clinical trial and their overall care, to the extent that they choose</p> <p>Ensure patient welfare and desires are prioritised and they receive concomitant care during and after the trial</p> | <input type="checkbox"/> |

You share this responsibility with:

- Clinician Investigators

Reflective Questions

Process

What is your process for documenting and prioritising patient welfare and desires?
How is this information incorporated into your organisational systems?

Support

Does your organisation support educating yourself on safely involving participants, family, and decision-makers?
Who in your organisation can help you with this?

What evidence can you show accreditors to prove you meet this responsibility?

| 13 | Responsibility | Checklist |
|----|---|--------------------------|
| | <p>Assess the feasibility of new trials in partnership with clinical and non-clinical managers</p> <p>Make your current trial portfolio and service user population primary considerations here</p> | <input type="checkbox"/> |

You share this responsibility with:

- Clinical/Non-Clinical managers
- Supporting Departments

CLINICIAN INVESTIGATOR

Reflective Questions

Process

How do you take in account your current trial portfolio when selecting new trials?
How do you take in account your current service user population when selecting new trials?
How do you engage with groups of service users to determine their needs?

Support

Does your organisation support you bringing in new trials by offering a strategic plan for the clinical trials service?
Who in your organisation can help you with this?

What evidence can you show accreditors to prove you meet this responsibility?

| 14 | Responsibility | Checklist |
|----|---|--------------------------|
| | Perform HREC and SSA submissions of new trials (including budget and contract negotiations), in partnership with clinical/non-clinical managers, and ensure trials have received all relevant approvals before starting | <input type="checkbox"/> |

You share this responsibility with:

- Clinical Trial Workforce

Reflective Questions

Approvals

What processes and systems do you use to ensure trials do not start before they have received all relevant approvals?
How does your organisation support you in being ready to start your trial as soon as you receive all the relevant approvals?

Submissions

What is your standard submissions procedure for submissions?
Does it define standard timelines and systems?

Support

Who in your organisation can help with this?

What evidence can you show accreditors to prove you meet this responsibility?

CLINICIAN INVESTIGATOR

| 15 | Responsibility | Checklist |
|----|--|--------------------------|
| | Identify and report risks, issues, or anything that could compromise your ability to deliver care in a safe environment. Report using both clinical trial and research-specific systems and organisation processes and systems. Work with clinical leaders to resolve issues, and implement preventative and corrective actions if incidents occur | <input type="checkbox"/> |

You share this responsibility with:

- Supporting Departments
- Clinical Trial Workforce
- Clinical/Non-Clinical Managers

You are supported by:

- Research Office

Reflective Questions

Identify the relevant systems & processes used for risk, safety, and incident reporting

Process

What has to be reported where, to whom, and in what timeframe?

What policies and procedures dictate your organisational reporting responsibilities?

What are the relevant requirements that dictate your clinical trial/research-specific reporting responsibilities?

How was the need for preventative and corrective actions communicated to you?

Did these help mitigate the issues?

Are examples of this ever discussed in staff meetings?

Support

How does your organisation support you in fulfilling your reporting responsibilities?

Who in your organisation can help you with this?

What evidence can you show accreditors to prove you meet this responsibility?

CLINICIAN INVESTIGATOR

| 16 | Responsibility | Checklist |
|----|---|--------------------------|
| | <p>Use the relevant processes and systems to receive and respond to consumer and service user feedback and complaint.</p> <p>Work with clinical leads to resolve issues and implement preventative and corrective actions if feedback and/or complaints are received.</p> | <input type="checkbox"/> |

You share this responsibility with:

- Clinician Investigators
- Clinical Trial Workforce
- Clinical/Non-Clinical Managers

You are supported by:

- Research Office
- Partnering with Consumers department

Reflective Questions

Identify the organisational systems used for complaints and feedback

What are your associated reporting requirements?

Feedback

What feedback have you received?

What improvements have you made in response to feedback?

Complaints

If complaints were received, how was the need for preventative and corrective actions communicated to you?

Did these help mitigate the issues that caused the situation?

Support

Are these ever discussed in staff meetings?

How does your organisation support you in this?

Who in your organisation can help with this?

What evidence can you show accreditors to prove you meet this responsibility?

| 17 | Responsibility | Checklist |
|----|--|--------------------------|
| | <p>Contribute to the development, management, and review of clinical trials service governance (including the National Clinical Trials Governance Framework), where opportunities present themselves</p> | <input type="checkbox"/> |

You share this responsibility with:

- Clinician Investigators
- Supporting departments
- Clinical/Non-Clinical Managers
- Research Office

CLINICIAN INVESTIGATOR

Reflective Questions

Process

How do you identify opportunities to involve yourself in this work?

What systems and processes do you use for this?

Support

How does your organisation support you in taking advantage of these opportunities?

Who in your organisation can help you with this?

What evidence can you show accreditors to prove you meet this responsibility?

| 18 | Responsibility | Checklist |
|----|---|--------------------------|
| | Provide feedback on the functioning of the clinical trials service by using your organisational standard processes and channels | <input type="checkbox"/> |

You share this responsibility with:

- Clinical/Non-Clinical Managers
- Clinical Trial Workforce
- Research Office
- Supporting Departments

Reflective Questions

Are you clear on when and how to provide feedback to your organisation?

Do you know if your suggestions were used to support continuous improvement in safety and quality, e.g. implementing practise changes?

What evidence can you show accreditors to prove you meet this responsibility?

| 19 | Responsibility | Checklist |
|----|---|--------------------------|
| | Look for opportunities to improve the areas of the clinical trials service that you are responsible for, and the care given to participants | <input type="checkbox"/> |

CLINICIAN INVESTIGATOR

Reflective Questions

How do you identify and report opportunities for improvement?

What systems and processes do you use for this?

Do you know if your suggestions were used to support continuous improvement in safety and quality?

Support

How does your organisation support you in taking advantage of these opportunities?

Who in your organisation can help you with this?
