Seated (left to right): Thomas Wilson, Dr Zhengyang (Daniel) Liu, Dr Patrick Walker, Ella Sexton

(Not pictured: Dr Alice Parker)

MACH TRACK

MACH-Track is a structured, mentored and fully funded career development pathway for exceptional research-minded health practitioners pursuing post-registration clinical training or career development in any of 10 health services affiliated to MACH.

The Track seeks to develop the future leaders of clinical innovation by offering an opportunity to integrate completion of clinical career development of the highest standard with pre-PhD, PhD and post-PhD training in research associated with the University of Melbourne Faculty of Medicine, Dentistry and Health Sciences and seven affiliated Medical Research Institutes.

Bespoke and tailored towards the research direction of each successful candidate, MACH-Track is flexibly designed to accommodate:

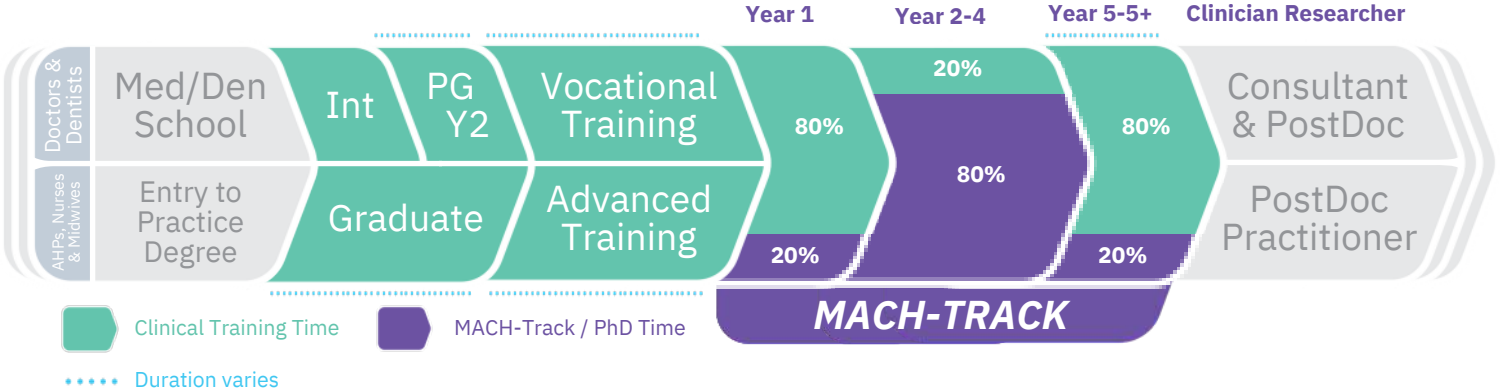

1) **Doctors and dentists in vocational/specialist training; medics can be from any specialty, general practice and public health;**
2) **Allied Health Practitioners working towards advanced practice in any Vic Gov-recognised AHP discipline;**
3) **Nurses and Midwives at Masters level and working towards or at an advanced level of practice**

APPLICATIONS CLOSE ON

3 August 2026 (9am AEST)

PROGRAM STRUCTURE

Five year program for doctors, dentists, AHPs, nurses and midwives from February 2027
